REISSUE APPLICATION DECLARATION BY THE INVENTOR

Docket Number (Optional)

MM4336

I hereby declare that:

Each inventor's residence, mailing address and citizenship are stated below next to their name.

I believe the inventors named below to be the original and first inventor(s) of the subject matter which is described and claimed in patent number 5,976,948, granted 1999-12-07 and for which a reissue patent is sought on the invention entitled WIRE CHAFING STAND

the specification of which

☐ is attached hereto.

☒ was filed on March 15, 2001 as reissue application number 09/772,278
and was amended on 04/18/02, 10/01/02, 03/18/03, 8/6/04, 3/25/05, and 6/2/11.
(If applicable)

I have reviewed and understand the contents of the above-identified specification, including the claims, as amended by any amendment referred to above.

I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.

☐ I hereby claim foreign priority benefits under 35 U.S.C. 119(a)-(d) or (f), or 365(b). Attached is form PTO/SB/02B (or equivalent) listing the foreign applications.

I verily believe the original patent to be wholly or partly inoperative or invalid, for the reasons described below. (Check all boxes that apply.)

☐ by reason of a defective specification or drawing.

☒ by reason of the patentee claiming more or less than he had the right to claim in the patent.

☐ by reason of other errors.

At least one error upon which reissue is based is described below. If the reissue is a broadening reissue, such must be stated with an explanation as to the nature of the broadening:

The reissue is a broadening reissue to remove the recitation of the lower rim in claim 1 as not being essential to the constriction of the wire chafing stand and unrelated to the problem of wedging. This limitation was included in the new claim 7 as a dependent claim dependent on claim 1.
